**SUPER SPORT**

## The newly styled Super Sport! Power-packed and quiet riding with easy handling.

One of Honda's finest! Newly restyled with great power and sleek styling for riding that's outstanding for smoothness. Response is delightfully gratifying, adding safety and zest to the new CB 550F Super Sport. The silky smooth 5-speed transmission has been matched to a proven 4-cylinder 4-stroke OHC that's expressly designed for easy touring and demanding sports performance. Four gleaming pipes merge dramatically into one. Specially engineered for reliability and surprisingly quiet riding. Contoured double-seat, disc brake and high visibility lamps are a few of the many considerations.

Tested front disc brake is a Honda safety extra, ensuring reliable braking power under the most demanding conditions.

● Eye-catching 4-into-1 exhaust system highlights the styling, adds to maximum horsepower and makes the exhaust note much quieter and more exciting for this smooth 4-cylinder overhead camshaft 4-stroke machine with its close-ratio 5-speed gearbox.

● Filler nozzle and cap of 17 liter (4.5 US gal, 3.7 Imp gal) tank is recessed under lid which is unlocked by double-sided ignition switch key.

● Rubber covered spring-loaded folding footpegs have steel ball on underside which contacts the road first when the bike is banked to the limit.

● Large, bright, easy-to-spot turn signal lamps add to riding safety, while powerful headlamp lights up roadway far ahead for riding at night.

● Large, well-lighted speedometer and tachometer from the Honda 750 Four. Easy-to-read warning lamps. Ignition key on lamp panel locks steering when turned to left and removed.

## CB550F SPECIFICATIONS

Engine	544 cc OHC four cylinder 4-stroke, air-cooled transverse in-line aluminum alloy
Bore x Stroke	58.5 x 50.6 mm (2.30 x 1.99 in)
